TIPS FOR FUN AND SAFETY

- Each water trail is identified with a bird graphic and name. Signs indicating each mile along the trail can help you self-navigate your water adventure.
- Some kayak and canoe docks do not have lighting at night.
- Tell someone about your paddling plans before you leave.
- Always use personal flotation devices.
- Carry water and sunscreen: Louisiana can be hot & humid in summer months.
- Check weather conditions and be aware of current water conditions and flood stages.
- You may encounter crawfish traps, crab traps, float lines, and jug lines in the water. These are private property and should be respected and untouched.
- Occasionally you will see motorboats: remember to turn your bow into the wave.
- Park in designated areas making sure not to block driveways or interfere with traffic.
- Always be courteous to other river users. Follow the laws and rules of the area you are using.
- Look after the natural environment: avoid damaging the water banks and vegetation.
- Protect native species and habitats.
- **Don't litter! Keep Louisiana Beautiful! Leave No Trace! And please take a few minutes to pick up litter left by others.**
- Because cellular coverage may be limited, please photograph the maps and other information to take with you for safer travel along the Pierre Part Belle River Water Trails.
- **Caution:** always keep your distance from snakes and alligators!
